1. A copy of the U. S. Army Pacific's (USARPAC) Intelligence Production Program is forwarded herewith for your information and retention. This copy was provided [REDACTED] Intel- 25X1A5a1
lignce Production Coordinator for G-2 USARPAC who requested us to convey his appreciation for the assistance given him in program planning during consultation with you last fall.

2. It would be useful in our liaison contacts at this station to know specifically what research projects are programmed by *OPR*. The quarterly status reports and Project Initiation Memos, which are received here, provide some information but a copy of the research program would also be useful. Please forward a copy to [REDACTED] 25X1A6a 25X1A9a
